MEMORANDUM FOR THE RECORD

SUBJECT: Declassification of Indochina Map Folio

1. By authority vested in the Director of Central Intelligence, he has on 10 September 1965 directed that the Map Folio on Indochina and the five Secret maps contained therein be declassified from "Secret" to a "For Official Use Only" control.

2. Although the five maps depict information which was taken from DoD, NSA and CIA reports, documents and materials bearing the Secret classification, the DCI's judgement is that the classified information utilized in map form at the "For Official Use Only" level does not jeopardize intelligence sources or methods.
